Welcome from our Hosts

The Science & Resilience Institute at Jamaica Bay, Brooklyn College

Join us for a historic first as NEERS heads to Brooklyn College, home to two former NEERS Presidents, for the first time. Sitting at the mouth of the Hudson River Estuary, Brooklyn, NY hosts diverse waterfront communities and environments from Greenpoint along the East River to Canarsie on the northern shore of Jamaica Bay. Learn about estuarine research and management in the heavily urbanized waterways of New York City, explore the culture of Brooklyn and meet new colleagues from the wealth of academic institutions, government agencies and non-governmental organizations from the Big Apple.

Local Committee

- Brett Branco, City University of New York (CUNY) Brooklyn College and Science and Resilience Institute at Jamaica Bay
- Alexandra Kanonik, American Littoral Society
- Siddhartha Hayes, Hudson River Park Trust
- Jennifer (Jenn) Zhu, Billion Oyster Project
- Dianne Greenfield, CUNY Advanced Science Research Center
- Chester Zarnoch, CUNY Baruch College
- Elizabeth Stoehr, Jamaica Bay Rockaway Parks Conservancy
- Elizabeth (Beth) Watson, Stony Brook University

Special Symposium

**Thursday, April 27
12:30 - 4:00 pm**

Special Symposium

COVID Information

NEERS is committed to COVID safety at our meetings, and we will follow all CDC guidelines and meet the requirements of our host for the upcoming meeting.

All in-person participants must be vaccinated. Masks will be optional but recommended. The use of rapid self-tests for all on the first day of the event is strongly encouraged.
